

CAPITOL CAMPUS DESIGN ADVISORY COMMITTEE

September 18, 2014

CAPITOL CAMPUS PLANNING – MASTER PLAN UPDATE AND TRANSPORTATION AND PARKING STUDY **PURPOSE: DISCUSSION**

The purpose of this agenda item is to discuss the final State Capitol Parking and Transportation Study and report on the status of the Master Plan update.

Lenore Miller, Department of Enterprise Services Project Manager, for the Master Plan update will present this agenda item. Rick Williams, principle of Rick Williams Consulting, will present the final transportation and parking study.

OVERVIEW

Lenore will report on the progress made on the Master Plan update, upcoming work, and engagement activities.

Since the May 22, 2014, the Capitol Campus Design Advisory Committee (CCDAC) meeting, the *Capitol Campus Transportation and Parking Study* has been completed by the Rick Williams Consulting firm. The final report includes an additional section on the review of transportation infrastructure (non-auto transportation modes). Mr. Rick Williams will review changes to the study, report on the key findings and recommendations, and respond to CCDAC members' questions.

Next Step

The Master Plan Work Group will continue to draft updates to the Master Plan that are informed by stakeholder input. Additional draft updates will be presented to CCDAC for advice at the November 20, 2014 meeting.

The Transportation and Parking Study will inform the update of the Master Plan and Enterprise Services' Ten-Year Capital Plan and operating and capital budget requests. Enterprise Services is considering the recommendations to determine what actions will be implemented and will provide updates on planned action at future CCDAC meetings.
